### JUSTICE MINISTER SAYS THE CULPRITS MUST FACE COURTS OF HUN REPUBLIC

Arraignment to Take Place Regardless of Demands Made by the Entente.

### REJOINDER IS SENT DUTCH GOVERNMENT

Holland Reminded That Surrender Ex-Kaiser Would Help Keep Peace.

(International News Service.)  
LONDON, Feb. 13.—The big three—premiers Lloyd George, Millerand and Nitti—decided this afternoon to send a note to Germany at once regarding the German government's opposition to the allied demand for war criminals. The German war culprit list and the refusal of Holland to deliver the ex-kaiser for trial were both discussed.

(International News Service.)  
LONDON, Feb. 13.—Holland is warned that "the shielding of the author of the world's trouble contributes to the difficult task of building permanent peace" in the allied rejoinder to the communication of the Dutch government refusing to surrender the ex-kaiser for trial, it was learned this afternoon.

(International News Service.)  
BERLIN, Feb. 13.—Minister of Justice Schiffer announced today that the German department of justice would arrest, try and punish all of the German officers on the allied extradition list against whom it is possible to bring court proceedings "irrespective of the developments in the negotiations now proceeding between the allies and Germany."

Herr Schiffer declared that Germany would push the trials of the officers where the evidence justified, even if the allies should withdraw their extradition demands. He added that already Germany had punished war criminals for their acts in France and Belgium.

"Like England and France, Germany keeps secret the execution of her soldiers," he said.

### ORDERS SENT TROOPS LONDON, Feb. 13.—Gen. Reinhardt, commander of the German forces organized by War Minister Noske, in a way order to all army leaders commands them to oppose the surrender of the German war criminals on the allies' list.

### KNOXVILLE MAN MAY BE HEAD OF COMMERCE BODY

Charles P. McDaniel, of Knoxville, Tenn., was here last night and met with the directors of the Albany Chamber of Commerce to discuss with them a proposition looking to Mr. McDaniel becoming secretary of the commercial organization. No definite action was taken, although the situation was gone over thoroughly.

Mr. McDaniel is secretary of the Automobile club at Knoxville and has had wide experience in civic and commercial bodies.

He expressed himself as very much pleased with the situation here and the outlook for local expansion.

### NEW WHOLESALE GROCERY LEASES 2ND AVE. HOUSE

The North Alabama Wholesale Grocery company, the Twin Cities' latest wholesale enterprise will open for business in one of the Malone buildings on Second avenue as soon as the alterations are completed, it was announced today.

Backers of the new company are W. H. Aycock, Henry Binford and others. Mr. Binford, who has been local manager of Armour and company for eight years, will be active manager of the grocery. Mr. Aycock is head of the W. H. Aycock Co., wholesale dry goods and has been actively identified with local business interests for many years.

A long-time lease has been obtained on one of the new buildings in the old Walker stable block and it will be greatly enlarged and improved for the new company.

"We expect to handle all lines of staple and fancy groceries," Mr. Aycock stated, "but will specialize on fancy goods. We will maintain an active sales force both locally and on the road."

It is understood the new company will be a partnership and will begin business with a \$50,000 capital.

Both Mr. Aycock and Mr. Binford are well known all over North Alabama and their friends predict success in large measure for them.

### Orphans of Erivan

BIRMINGHAM, Ala., Feb. 13 (Special).—Miss Louise Chamberlain, a Near East Relief worker, who has just returned to her home in Newcastle, Pennsylvania, after ten months' service in the Erivan region, says of the work there:

"That the situation is much improved since the Near East Relief work began is indisputable. But it is also indisputable that with all that has been done, all that has been spent, only the surface of the misery has been scratched. In Erivan alone we are feeding and caring for 10,848 orphans in our shelters, feeding, clothing and housing them. In Erivan—the city alone—there are fully that number more wandering aimlessly about, hungry, shelterless and half clad. In one, just one, of our refugee camps are 1,600 people. We are feeding 20,000 people a day—thousands more are starving because we have not the supplies to give them food. In one camp hospital we have 200 patients. In our second canteen there are 250—3,450 to be fed and clothed. In the hospitals there is not enough

### FRENCH MEMORIALS WILL BE PRESENTED NEXT OF KIN THOSE WHO DIED FOR U. S.

Presentation Will Be Made February 22 Through the American Legion.

### COMMITTEE IS NAMED TO ARRANGE SERVICES

Building Plans Discussed and Further Time is Given Committee.

The next of kin of men who were killed in action and died in the service of their country during the World War will be presented with memorials from the French government, through the Morgan County Post of the American Legion, at patriotic services on February 22. Decision to present the memorials, at the request of the French government, transmitted through the United States war department, was reached at a meeting of the local post held in the rooms of the Albany Chamber of Commerce last night. The following committee was named to make arrangements: Rev. W. N. Sholl, chairman, E. C. Ragsdale and Asbury L. Malone.

The war department transmitted to the local post a list of the names of those who gave their lives for democracy and their next of kin, but the list did not include the names of several additional men who made the supreme sacrifice and efforts will be made to have their names included on the official list.

The next of kin will be notified of the action of the French government and will be requested to attend the services and receive the memorials.

Committee Reports  
The recently appointed building committee, through its chairman, E. R. Guy, reported on plans for the proposed Legion home. One was to build a commercial building, which would net an income and the other was to construct a residence outside of the business district. Both plans were discussed by the membership and the committee was given more time to go further into the project.

An invitation from the directors of the Albany Chamber of Commerce to use the rooms of the organization as a permanent meeting place was accepted and a vote of thanks extended to the civic chamber.

### House Members Oppose Making League an Issue

(International News Service.)  
WASHINGTON, Feb. 13.—Regardless of party ties the house of representatives today by a straw vote indicated its rejection of the idea of making the treaty of peace an election issue and showed itself to be in favor of the immediate settlement of the controversy. This was brought out by a vote taken by the International News Service.

Of 102 votes cast, not one was in favor of making the treaty the issue in the presidential campaign nor for any referendum unless taken independent of all else. Ninety three of the congressmen favored ratification in some form or other. Nine republicans voted for flat rejection. 20 democrats and 82 republicans voted.

### BOLSHEVIKI PLANS ARE DISCLOSED BY DR. JOHN HARRIS AT LOCAL CHURCH

Real Red Menace Told Hearers By Leader in National Reform Movement.

### NATION BEING AROUSED AT LAST TO THE DANGER

Crest of the Danger is Believed to Have Been Passed Now.

Dr. John Royal Harris, of the National Reform Association, reputed to be the oldest patriotic society in America, who has headquarters in Philadelphia at present but who is by birth a Tennessee boy, cleared the social, political and religious atmosphere for every body who had an ear to hear, last night, when he delivered his formal indictment against "Bolshevism" in a profound and eloquent address in the auditorium of the Central Methodist church.

The speaker was introduced by Rev. Walter P. McGlawn, after prayer by Rev. L. F. Goodwin. Incidentally, in the course of his speech, Dr. Harris' descriptions and reference to his own personal combats with the Bolsheviks on Independence Square, Philadelphia, proved to the satisfaction of his hearers his right to speak with authority as to the real menace of that lawless element in America today. The speaker said, however, that he thought the crest of danger had passed as the common sense of the nation was at last being aroused.

"Americans are so self-satisfied, and so fearless," declared he speaker, "that it almost takes a volcanic eruption to arouse them." Last July, according to the speaker, "the soviet people made their boasts in Philadelphia that there were little soviet all over the city, ready to seize the city on Independence day. They even went so far as to slip posters under the doors of the citizens warning them not to appear around Independence square on the day set for the starting of the revolution. You know, that it was found necessary to suppress this plot against the government."

Dr. Harris was the first of the many speakers that later arose against the would be soviet rulers. He said that he was attacked through the press, ridiculed and challenged to all kinds of tests. "I stood up and told those Reds—you are not red, you are yellow, and a weak pale hue of yellow at that."

The speaker described with a mastery of language and feeling, how the 28th or "Iron" division, 20,000 strong that had lost 4,000 dead on the battle field, had marched in Philadelphia in glory and triumph at the close of the war and said that the grand climax came when the white draped gun, representing the dead of the division, brought up the rear of the long lines. He then said that the supporters of no-government, were even at that moment planning to bring on an anti-climax of blood, anarchy and ruin.

The speaker declared that the "Red" war, was but the continuation of the German war. He said Bolshevism had been described by some as "Kaiserism in Overalls" but that he preferred to call it "The black hand in the White House." He declared that overpowering conviction that as God hurled back the Germans upon their ruin as the answer of Neitheism; He would hurl back Russia on herself as the answer of Karl-Marxism. The speaker quoted directly from Marx and said that it was either for the world to follow the Jew of Nazareth or the Jew of Germany, explaining that Marx was a German Jew. His quotation from Marx was to the effect that as long as the idea of God persisted there was no chance for socialism, and that atheism was advocated by Marx and many of his followers.

The speaker said that whether the "force and destruction wing" of socialism or the slow growth wing spread of the doctrine as advocated by Hill, quiet prevailed, that the triumph of either meant the destruction of this government.

The speaker declared that there were some questions that were closed to

### NEWSPAPERS FACE SHUTDOWN BECAUSE OF PAPER SCARCITY

Newspapers of the nation are facing a shutdown in many instances because of the shortage of print paper. Every newspaper publisher is experiencing difficulties in obtaining a supply of white paper at any price. During the past three years the price of paper has gone from 2 cents to 10 cents and even at the unprecedented price, it is almost impossible to obtain.

The following letter from the Graham Paper company, one of the largest paper supply houses in the United States, with branches in many of the principal cities, is in sense, the same answer many of the publishers are receiving to their orders for paper: Tennessee Valley Printing Co., Albany, Alabama.

Gentlemen:  
We have yours of the 7th in regard to News Print; we can't supply you any News Print out of St. Louis. We are entirely out and don't expect a supply for some weeks.

We are up against it on this Roll News proposition and we will be unable to serve you for shipment from our stock, because we cannot secure it. It would certainly be a real pleasure to take care of you, but there is not a chance of doing it at this time.

Yours truly,

### HITCHCOCK OPPOSES UNIVERSAL SERVICE

(International News Service.)  
WASHINGTON, Feb. 13.—Senator Hitchcock, administration leader, is in conflict with the President's views regarding universal military training. Other administration senators, notably those from the south, are threatening a "break" with the white house such as resulted when a caucus of democratic congressmen recently overrode the president's wishes regarding a national policy that would force young men to undergo military training.

### NEWSPAPER FOLK MEET FEB'Y 18TH

A meeting of the members of the Executive committee and officers of the Alabama Press Association will be held in Montgomery February 18 to plan for the annual convention. If sufficient attendance should be present, the meeting will resolve itself into a special session of the association for the transmission of any business which may properly come before it, according to announced by Oscar M. Duggar, president.

### JONES HOME BADLY DAMAGED BY FIRE IN FAMILY'S ABSENCE

Flames Believed to Have Originated in China Closet. May Have Been Incendiary.

The handsome home of J. T. Jones on Ferry street was damaged badly by flames about ten o'clock last night. The fire, apparently started in a china closet on the lower floor and may have been incendiary. Mr. and Mrs. Jones are spending the winter in Florida.

The fire was discovered by passers-by shortly after ten o'clock and the alarm was given immediately. Both departments answered. On account of the fact that the family was absent and had closed the house for the winter, difficulty was experienced in getting to the flames.

An investigation by relatives after the flames had been brought under control led to the belief that they originated in a china closet on the lower

### O'Brien's Minstrels One Fine Program

Neil O'Brien's minstrels, with one of the greatest aggregations of minstrel stars on the road, played to a full house at the Princess last night and scored a triumph.

With Bert Swor and "Sugar Foot" Gaffney on the same program there would have been no excuse for lagging moments, and there were none.

The first part, a study in black and white, under the able direction of Interlocutor Lea Laird, showed speed—lots of it. From the opening number to the finale, the program failed to disclose a weak offering. O'Brien this year has instilled a quantity of pep and humor into his program which is contagious. There were many who pronounced last night's performance the best ever given by a minstrel here. Neil O'Brien's claim to be the ace of minstrels was substantiated.

The vocalists, J. Lester Haberkorn, Charles Wright, John Worland, James Baradi and James B. Isbell, the latter a Tusculumbia boy, deserved all of the hearty applause they received. Mr. Isbell, singing "When It's Honey-suckle Time" was given a warm reception by his friends here.

Swor and Gaffney are supported by several black-face artists, probably not so famous and possibly not so clever as the two stars, but nevertheless, artists who won laurels of their own last night.

The Song and Dance, Potato Peeler and League of Expla-Nations sketches written by O'Brien were unusual acts, well staged and they were well received.

Good music, excellent dancing, pretty stage effects and rich comedy about in O'Brien's minstrels. That's about enough for one price of admission. Od-Dog!

### WILSON HANDS HIS REPLY TO RAILWAY WORKERS; SAID TO HAVE BACKED HINES

Delegation Remained at the White House Only Ten Minutes.

### TEXT OF STATEMENT GIVEN OUT LATER Understood That No Wage Increase Will Be Granted at This Time.

(International News Service.)  
WASHINGTON, Feb. 13.—The proposed strike of the brotherhood of maintenance of ways will be fought by the building trades department of the American Federation of Labor, it was announced today by John Donlin, president of that department.

(International News Service.)  
WASHINGTON, Feb. 13.—President Wilson has rendered his decision on the increased wage demands of the railroad workers.

The conference between the president and the representatives of the workers lasted less than 10 minutes. Timothy Shea, spokesman for the workers, declared that they would consider what the president had said and might later make a statement. The president read his decision to the three men and the conference was ended without further discussion. President Wilson sat in a wheel chair on the walk between the white house and the executive offices during the conference.

The President submitted a definite proposal to the railroad men in writing, and it is understood they will give the president their answer after holding a conference with other representatives of the brotherhoods. Secretary Tumulty announced that he would probably issue a statement on the conference within a short time.

President Wilson's decision on the demands of the railroad workers is considered final.

"This policy is based on justice to all interests and is unalterable," declared the president in closing the conference.

The President's decision, it was later learned, will not be made public until after the workers have made their reply.

There is but little doubt but that the president has sustained Director General Hines in his rejection of the wage demands. The president is understood to have supported the decision of Mr. Hines that the government could not increase the wages of the workers when the railroads are to be returned to their owners within a short period.

Representatives of the workers were very serious when they left the conference, but were apparently satisfied with having dealt with the president himself.

### Get Morgan County Out of the Mud

### VOTE FOR THE GOOD ROADS BOND ISSUE

#### THE TRACTOR SCHOOL A STEP FORWARD

Ten years ago there were less than 100 automobiles owned in Morgan county. At that time automobile agencies were not a paying investment, and the popular demand for motor cars was a negligible quantity. Today the automobile industry is growing by leaps and bounds and the old-fashioned "horse and buggy" are almost extinct outside of the rural districts, and they are not so popular there. This merely illustrates the aptness of the public to accept new methods and meritorious innovations. And by the same token, it may safely be assumed that another decade will find the tractor at home on the majority of the farms of the county. This infant industry of today will be a giant tomorrow, for there is a real demand for motorized farm machinery.

And in this connection, it can be said that the tractor school to be held here in March will be of vast value to the farmers of the Tennessee Valley. It will do more to enlighten the farmers as to the possibilities of the tractor in solving the labor problem and in increasing production than any number of private demonstrations could do. Experts in the employ of the state will be present as instructors, and will strive to impart to others the knowledge which they possess as to the practical operation of the machines. And aside from this many tractor agencies will be represented and many models of tractor will be displayed. No better method for quickly familiarizing the farmer with his new friend could be devised. Farmers who are progressive will take advantage of this rare opportunity, one that will come to this section only once this year.

#### THE SOUTH'S OPPORTUNITY

From the New York Evening Sun.

The importance of the south as the great agricultural section of the nation is becoming increasingly evident. Not only are the southern farm lands perhaps the greatest hope for the future, but they furnish even now no less than 44 per cent of the entire crop value of the country. The southern crops aggregated for 1919 \$7,922,000,000, compared with \$8,768,000,000 for the rest of the nation. It is especially worthy of note that of this total cotton forms but \$2,300,000, leaving \$4,722,000,000 as the value of the diversified agricultural output.

It is remarkable that this record has been attained despite the small percentage of land under cultivation and the well known inefficiency of southern farm labor. It was estimated in 1910 that only 26.8 per cent of the total area of this section had been improved. Out of 562,128,640 acres 207,675,780 had not even been laid out in farms, and of the remainder 603,462,000 had been left uncultivated.

The statistics in regard to illiteracy in the southern states, especially among the negroes who form the bulk of the agricultural laborers, indicate how great is the handicap of ignorance and inefficiency. In Virginia illiteracy among the colored population is 30, in North Carolina 31.9, in South Carolina 38.7, in Alabama 40.1, in Louisiana 48.4. No wonder then that production is confined to a relatively small area of abnormally rich land, while millions of acres are left entirely untouched.

No less harmful is the effect of poor health conditions. Because of early deaths the number of years the average negro works is about half what it should be. The life of the negro is now but 35 or 36 years; by sanitary care it could be raised to 50. In short by education and health improvement the efficiency of southern labor could be doubled, bringing into cultivation many millions of neglected acres and greatly increasing the average yield of those already being farmed.

The welfare of the whites and blacks of the south are indissolubly united. The wealth and prosperity of this rich section is limited only by the inefficiency of the labor supply. Give the negro his due, give him good health conditions, give him education, give him just economic opportunities, and the south in fact the entire nation will reap a rich reward.

# DON'T LET THE MUD KEEP YOU AWAY FROM THE BALLOT BOX

## Let's Make Morgan County 100 Per Cent Good Roads

Go to the Polls Monday and cast your vote in favor of the Bond Issue. This is your greatest opportunity to serve your state.

Shall our grand and glorious commonwealth keep step with the march of progress—shall it develop as rapidly as its sister states—shall it harken when opportunity knocks at its door, or shall it stay in the mud?

The answer to these questions rests with the sovereign voter.

On next Monday the people of the state shall say if Alabama is to secure the millions of Federal good roads funds (by providing the way for matching Uncle Sam's money dollar for dollar) or whether this money shall go to other states and other sections. In voting for good roads, Mr. Farmer, Mr. Business Man, Mr. Working Man, Mr. Professional Man, you are not voting to increase your taxes one cent. Automobile licenses pay the freight, and if you own a car you must pay the auto tax whether you get good roads or not.

### A FINAL APPEAL

Mr. W. S. Kellar, state highway engineer, in a recent address at Florence, stated that the fate of the bond amendment rested with the voters of North Alabama. You must do your duty. You must pile up a majority that will remove all uncertainty as to the outcome of the election. This is an individual responsibility. Every citizen must go to the polls and cast his vote for the amendment. Don't take any chances. There is too much at stake. Feel that if the fight is lost you will be to blame. Don't let the mud keep you away from the ballot box.

## CALOTABS ARE BEST FOR COLDS AND INFLUENZA

Doctors Now Prescribe Calotabs, the Purified Calomel Tablets That Are Nauseless, Safe and Sure.

Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other serious complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose Calotabs, the perfected, nausealess calomel tablets are the surest, best and most agreeable laxative.

One Calotab at bed time with a swallow of water—that's all, no salts, no nausea, and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please, no danger.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs and are authorized to refund the price if you are not delighted with them.—Advertisement.

## "ALL O. K. FOR THE BLOOD"

Is What a Citizen of Georgia Says of ZIRON, the New Iron Tonic.

Iron is needed by the blood to keep men and women strong and healthy. Iron is needed by the nerves to keep them toned up. Ziron, the new iron tonic, will put iron into your blood and should help renew your lagged nerve forces in the way it has done it for many others.

Read what Mr. J. R. Bell, Rt. 2, Oconee, Ga., says about the effects of Ziron: "I think Ziron is all O. K. for the blood. That was what I have been taking it for—my blood. I liked Ziron so well that I went back to the store and got two more bottles of it."

Ziron is a combination of a pure medicinal inorganic iron salt, mentioned in the U. S. Pharmacopoeia, with the hypophosphites of lime and soda, and other valuable tonic ingredients, endorsed and recommended by the best medical authorities and mentioned in the medical text books.

All druggists sell Ziron on a money-back guarantee. Look for the formula on the label. Get a bottle today, and give it a fair trial.

## Gray Hair Ruins Your Appearance

Q-Ban Hair Color Restorer Makes Your Hair Beautiful, Dark and Lustrous Again. Improves Your Appearance.

How many times have you stood before a mirror and wished your hair would be evenly dark and lustrous like the young folks you see instead of being full, gray, streaked, or faded, as well as thin or falling.

Don't copy them. You can have beautiful, evenly dark, lustrous, long, thick hair, too. Just get a bottle of Q-Ban, the wonderful hair color restorer, and comb it into your hair once or twice a day as per simple directions on the bottle. In a few weeks that ugly, faded, lifeless gray hair will have the beautiful, even dark color of youth back, and when you run your fingers through your hair and feel how soft and wavy it is, too, you will wear a smile of real delight.

Thousands of enthusiastic users praise Q-Ban Hair Color Restorer as the greatest absolutely safe hair color restorer made. All drug stores have Q-Ban ready for you in handy bottles or by mail 75 cents. Address Q-Ban, Memphis, Tenn.—Advertisement.

## Business Man Tells Clerks How to Keep Alert

A prominent business man recently revealed the secret of his vibrant, physical alertness.

"I learned years ago," said he, "that indoor people do not get sufficient oxygen and outdoor action to keep the liver active and keep the bodily poisons thrown off."

When the liver is allowed to go to sleep, bodily poisons accumulate, physical resistance gets low, mental sharpness becomes blunted, your step drags, you get sluggish and tire easily, colds and all manner of ills get an easy hold on you.

"The best way to keep physically alert and healthy is to take BARBACALS; a highly effective but gently acting tablet of Rhusarb and refined Calomel. They do not sicken or gripe."

You can get a large box of BARBACALS from your druggist for 35 cents and if they do not give you the finest kind of satisfaction your money will be promptly refunded. Be sure to say the name distinctly—BARBACALS.

Sold in Albany by S. M. Thompson.

## CONSTIPATION

DR. CALDWELL'S Syrup Pepsin is a combination of simple laxative herbs with pepsin that quickly relieves the congestion of undigested food and poisons, waste matter, and restores the normal regularity of natural action. It does not gripe or cramp and is as safe and pleasant for children as it is effective on even the strongest constitution.

Dr. Caldwell's Syrup Pepsin is the indispensable family remedy in thousands of homes and is sold in drug stores everywhere. In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

# Kennedy Announces To Succeed Himself

## Sam P. Kennedy, Candidate for Democratic Nomination as President of the Alabama Public Service Commission.

TO THE ELECTORS OF ALABAMA:

I am a candidate for the Democratic nomination as President of the Alabama Public Service Commission in the May primary.

You are somewhat familiar with my record. Until I became a member of the Commission by appointment to fill an unexpired term, I had been elected Secretary thereof by every Commission whom you honored by election, and, after serving two years as President, you endorsed my record by electing me President for a four year term now about to expire.

During that four year term, the jurisdiction of the Commission had been enlarged to include all public utilities in addition to railroads.

The world war has brought about new complications seriously affecting all public utilities, and as President of the Commission I have tried to meet every issue to the best interest of the public.

The railroads will in a very short time again be under the jurisdiction of the Alabama Public Service Commission and many matters of the utmost importance to the public will have to be considered by your Commission and experience will be an important qualification for the President.

I feel that my familiarity with the conditions affecting all these public utilities during the crucial period of the war, justifies me in claiming some qualifications for meeting the grave conditions that will inevitably arise during the period of re-adjustment that is now upon us.

I am ready to be judged by my record, and if you feel that I have served you faithfully and intelligently in the past, I ask your support in the approaching primary.

## BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories, tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.)

### Fifty Babies—One Spoon

"In our first children's house there are 2,000 orphans, in another 700, and in the third, 1,000. At the first there was but one spoon with which to feed 50 babies, and I never will forget the pathos of attempting to make that one spoon do the work of fifty. A big bowl of boiled rice was set in the center of the table along which the babies were arranged in two rows. The first baby in line got a heaping spoonful of the warm rice and then the next. But the system of giving each one a spoonful in turn and then starting all over again did not work. Hardly had the second infant received its ration than No. 1, wailing, was stretching its claw-like hands to the rice bowl and the ones not yet reached were doing the same thing, the ones near enough to reach it smearing rice over noses, chins and cheeks but wolfing some down at least. Now there is a spoon for each baby."

### "LISTEN LESTER" COMING TO MASONIC THEATRE

"Listen Lester," John Cort's exhilarating musical comedy, gorgeously gowned and full of spontaneous wit, comes on Thursday, Feb. 19, to the Masonic theatre to inject a brilliancy into the theatre district. Lester is not only worth listening to; but is well worth looking at as well, as has been attested to by the fact that this play comes to Albany after a full year's run at the Knickerbocker Theatre in New York. Harry L. Cort, George E. Stoddard and Harold Orlob have written a merry melange that is bright and snappy, the music being marked by originality, for the composer has brought to his composition a cleverness and melodic vein that tickles the fancy, the ears, and the toes.

The setting is Palm Beach, which offers opportunity for unique and colorful background, and costuming of the newest style, all of which, needless to say, is taken the utmost advantage of in the sartorial display of the offering. In this environment is projected the story, of Albus Quilty, and her letters; of Colonel Dodge and his connection with those letters; of pretty Mary Dodge and her love affairs—of countless other delightful people and their equally delightful and amusing business and pleasures.

### CALLED MEETING

There will be a called meeting of Albany lodge No. 491 A. F. and A. M. for the purpose of conferring the "E. A." degree at 7:30 o'clock tonight. All masons cordially invited.

## A WONDERFULL DISCOVERY BY A DECATUR MAN

INDORSED BY AN EMINENT PHYSICIAN OR GOOD DOCTOR

Mr. J. T. Cook who is a merchant by trade, and resides at No. 400 Cain St., Decatur, Ala., came into the WACO TONIC Store a few days ago at 317 Second avenue, Albany, Ala., and said to the demonstrators: Gentlemen, my wife and I both have been using WACO TONIC for something like ten days and I want to say it has done us both more good than any medicine we have ever used. My wife has been almost a physical wreck for seven years, with a bad case of stomach trouble. She would blost, and even her legs would swell. I had spent at least one thousand dollars on her, and had about decided as a last resort to send her to Hot Springs for treatment, but I don't think that will be necessary now for I tell you WACO TONIC is doing the work for her. The swelling is going and she is fifty per cent better every way. We are more than glad to recommend WACO TONIC, for we know that it is one honest remedy. This TESTIMONY WAS GIVEN UNSOLICITED AND WITHOUT PAY.

I find them the best preparations that has been on the market for many years, as they will do all they are claimed to do and even more. I wish to say to suffering humanity, try them and you also will be convinced. I also wish to say that these gentlemen, Mr. Lawson and Padgett are of the best quality and can be trusted and believed for they will not make any unreasonable claims for their Remedies. I have practiced medicine for 40 years, my only thought is to speak in the highest terms of truth and right. Use this publicly if you choose.  
Yours,  
"T. E. LAROY, M. D."

Waco Remedies will be found valuable for Indigestion, Malaria, Rheumatism, Constipation, Headaches and Nervousness.  
To try it is to be convinced and for this cause we do give absolutely Free every day that you will call at our store, 317 Second avenue, Albany, Ala., samples of this wonderful WACO TONIC.

We also wish to say that WORMS play a big part in the ill health of the human family. Our Worm Remedies never fail to remove the Worms and their bad effects. Come to the store and see the large selection of worms we have on exhibition, expelled by Diety Folks.

While advertising we will sell the regular \$1.00 bottles for 89¢. 3 bottles for \$1.98. Guaranteed to satisfy or money back.

Waco Remedies can be had from the ALBANY DRUG CO., at the same price now.

## Watch the Little Pimples; They are Nature's Warning

Unightly and Disfiguring Signs of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause

unlimited trouble. This remedy is one of the greatest vegetable compounds known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

"OH, LADY, LADY"—MASONIC  
THEATRE MONDAY, FEB. 16

The advance sale of seats for "Oh,  
Lady, Lady" the joyous, rollicking  
musical comedy that comes to the Ma-  
sonic theatre with a company of over  
half a hundred commenced yesterday.

This is the Fifth New York Prin-  
cess Theatre success, and in it Guy  
Bolton and P. G. Wodehouse have im-  
bued the spirit of youth and merry-  
making thru the book and in the ly-  
rics, at the same time unfolding a  
story that is intensely interesting,  
while Jerome Kern's music is aptly  
described by a critic as a spring of  
delightful refreshment, every melody  
a gem.

"Oh, Lady, Lady" has the rare vir-  
tue of being thoroughly well rounded,  
and its plot sustains interest in it-  
self. It sparkles with all that is good  
in musical comedy, and is promised as  
the laughing, dancing, singing musi-  
cal treat of several years, with its  
added wealth of pretty girls and  
charming stage settings.

The company with which F. Ray  
Comstock and William Elliott have  
endowed "Oh, Lady, Lady" is one of  
the largest that has ever appeared in  
this city. The management makes a  
special request to their patrons and  
the general public to purchase their  
tickets early so as to avoid the incon-  
venience of standing in a long line or  
disappointment if buying of tickets is  
delayed too long.

"DELIVERANCE" AT PRINCESS

TODAY AND TOMORROW

The story of the Helen Keller pic-  
ture "Deliverance" which is to be one  
of the rare treats of the amusement  
season in this city, is divided into  
three parts or acts. The first con-  
cerns the birth and childhood of Helen  
and shows how after having been  
born with all her normal faculties  
when she is eighteen months old, she  
is stricken with a sickness that makes  
her deaf, dumb and blind. For five  
years she is nothing but a wild little  
animal and then her teacher Anne  
Sullivan comes into her life and they  
commence together that conquest of  
mind that has since started the whole  
world talking in astonished praise.  
Yet during her childhood Helen was  
exactly like other children; played and  
romped and was as full of mischief as  
any little girl who can see, hear and  
talk. The picture shows her with her  
little playmates and is full of that  
element of human interest that makes  
books, plays and pictures tremendous  
successes.

The second part concerns the maid-  
enhood of Helen Keller when she goes  
to the young ladies school and later  
to Radcliffe College.

The third act of "Deliverance" por-  
trays womanhood. Here we are in-  
troduced to Helen Keller herself, just  
as she is today. She presents her  
loved ones to the spectators and then  
relates a story of a day of her life  
showing how she passes her time and  
what she does all of which is very

amazing and intensely interesting. In  
this act also she tells us of the big

## SAYS HE TO UNCLE SAM.

"Uncle, I've investigated the merits of Sul-Ferro-Sol  
and in my opinion, it is of benefit."

Uncle Sam had told this judge  
to look into Sul-Ferro-Sol and  
to look thoroughly. So this  
judge took 15 people who had  
taken Sul-Ferro-Sol and he  
questioned each of them closely.

And to a man he learned that  
they had all been either materi-  
ally benefited or cured perma-  
nently of their ailments.

The facts here stated are re-

## Save Lard

In these days when the cost of living  
is so high, the saving made possible by  
the use of Valier's Dainty Flour is not  
to be scoffed at.

Its exceptionally high quality permits you to  
use less lard, and also eliminates both the  
disappointment and the waste of needless failures.

## Valier's Dainty Flour

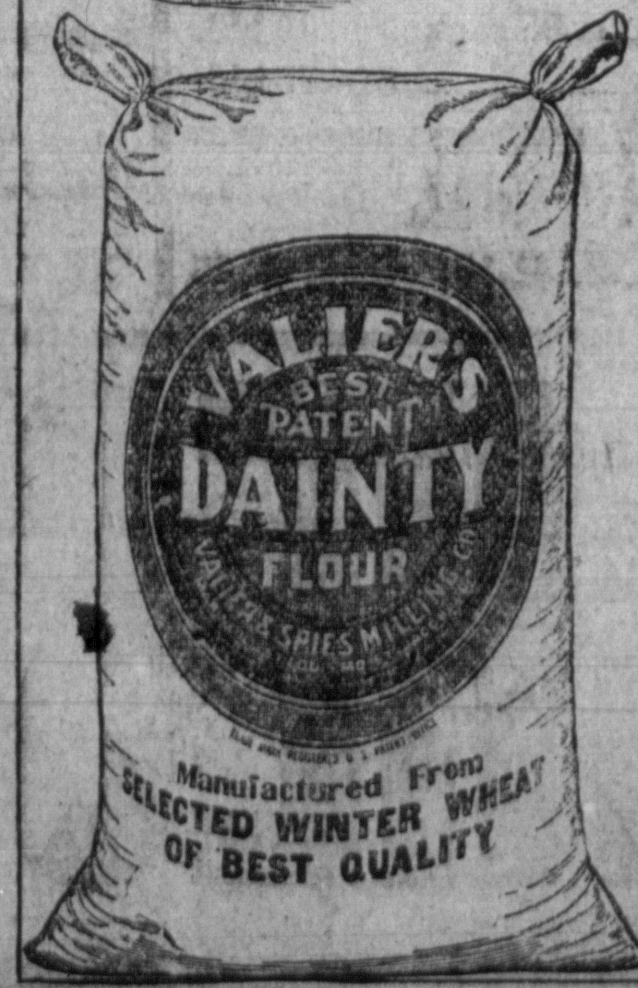

retains all the baking qualities of the exceptional  
grain from which it is milled—the finest soft  
winter wheat grown. It is remarkably fine in  
texture and absolutely clean.

Such flour must cost slightly more per sack, but it really  
costs less in the long run. Flour is wasted in failures and it  
requires less lard.

Or—sack of Dainty today. The  
result will prove its pre-eminence.

Valier's
